WORK EXPERIENCE

FOUNDER & IT MANAGER @ NATHAN SIERRO WEBDESIGN

January 2019 -

As the founder of this individual firm I have been developing and implementing different IT projects for associations and enterprises in Switzerland. From the search of clients to the after-sales services, I am taking care of the whole process of making firms proud of their presence on the web.

IT MANAGER & TEAM STRATEGIS @ HEC ESPACE ENTREPRISE

April 2019 -

HEC Espace Entreprise is a student association of HEC Lausanne with the main purpose to promote entrepreneurship on the campus. It is organising the famous start-up award "Prix Strategis" since 1993. I am part of the team directly organising the contest for the best start-up in Switzerland as well as managing and developing the web applications for the organization.

PROFESSIONAL TIMEKEEPER @ JURATIMING

January 2015 -

As a professional timekeeper my role is to manage a team of five to ten people during a sport event in which I am responsible to measure and hand correct time results to the organiser. To ensure the measurements are correct I must informatically check them and make sure all the equipment is functional and up to date.

EDUCATION

ECONOMIC SCIENCES @ HEC LAUSANNE

September 2018 -

Studying economics made me realize all the important changes that need to be done in the world. The fields in economics that particularly passionate me are Game Theory, Data Science, Economics of Happiness as well as Environmental Economics. I am aiming to make a positive change in our society with the useful tools I learned during my studies.

PHYSICS @ ETH ZÜRICH

September 2016 - August 2018

During the two years I studied in the ETH Zürich I learned a lot of quantitative methods and mathematical tools which are very useful now that I am studying economics. I learned german and swiss-german as well as indispensable data science tools in python and a good mathematical intuition which is very helpful in the economic sciences.

BILINGUAL GRADUATION @ HIGHSCHOOL OF BIENNE

August 2013 - July 2016

Obtention of the "Bilingual Maturity Certificate" with an average of 5.23/6 (B+). This highschool offered a cursus in both french and german, which was only reserved for the best students. I entered and managed to get good grades as well as a good level in german which allowed me to enter the ETH Zürich, one of the best schools in the world.
